Paper Submission: MARCH 21, 2018 | Early-Bird Registration: APRIL 10, 2018

The 3<sup>rd</sup> International Conference on Civil, Structural and Transportation Engineering (ICCSTE'18) and the 2<sup>nd</sup> International Conference of Recent Trends in Environmental Science (RTESE'18) aims to become the leading annual conferences in each of the specialized fields.

The goal of ICCSTE'18 and RTESE'18 is to gather scholars from all over the world to present advances in each of the specialized fields and to foster an environment conducive to exchanging ideas and information. These conferences will also provide an ideal environment to develop new collaborations and meet experts on the fundamentals, applications, and products of the mentioned fields. Interested authors, researchers, and industrial experts are invited to register for any of the conferences that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.

Submissions in the form of extended abstracts, short papers, and full manuscripts are welcome. All submitted papers will be peer reviewed. All accepted and presented papers will be published in the conference proceedings, under an ISBN reference in a USB drive. The online version of the proceedings will also be published under an ISSN reference and each paper in the proceedings will be assigned unique DOIs by CrossRef.

## ICCSTE'18 AND RTESE'18 SYMPOSIUMS AND WORKSHOPS

The 3rd International Conference on Civil, Structural and Transportation Engineering (ICCSTE'18) and the 2nd International Conference of Recent Trends in Environmental Science (RTESE'18) invite you to propose a **symposium or workshop**.

The proposed symposium or workshop, if accepted, will be co-located with and under the umbrella of the conference.

Proposals by prospective chairs should be submitted to [info@iccste.com](mailto:info@iccste.com) or [info@rtese.com](mailto:info@rtese.com) and will be evaluated by the Organizing and Scientific Committees. Upon approval, the Organizing Committee will disseminate the news through the conference website and call for papers. To obtain a high attendance, we kindly ask that the prospective chairs also publicize the event and personally contact researchers who they think will be interested to contribute. The minimum number of registered presenters for the event to take place is 7. Should attendance reach this minimum requirement, registration fees for the Chair will be waived.

If you have any questions, please do not hesitate to contact us at [info@iccste.com](mailto:info@iccste.com) or [info@rtese.com](mailto:info@rtese.com)
